INDUSTRIAL PERFORMANCE ABRASIVES

PERFLEX

PerFlex-The Range

PerFlex cutting-off and grinding wheels for angle grinders provide a good level of performance and a consistent quality cut throughout product life. Perflex wheels deliver the best performance on steel and stainless steel applications. Due to the constant research and development, we strive to update the quality levels and improve the way of working with our products.

FEATURES:

- Designed to steel, stainless steel
- Free of iron, sulphur & chlorine
- Sharp aluminum oxide grains

BENEFITS:

- Fast and comfortable cutting and grinding
- No stainless steel contamination
- Longer life and higher material removal
- Optimized cost for customer
